SEPTEMBER 2025 | SCHOOL UPDATES

## VISION STATEMENT BY THE CHAIRMAN

Education is the basis of all progress. It is for this very reason that we forayed into education, about 30 years ago. Shri Ram Global School focuses on building happy, successful and humane individuals who will bring about the much needed change in times to come. Our experience has taught us that progress is possible only, if men and women are equally well-educated. The entire purpose of education is not to restrict itself to imparting bookish knowledge only but inculcate humanitarian values like wisdom, compassion, courage, humility, integrity and reliability in a student. We, just like you, believe in holistic education for your child, encompassing – academics, co-curricular activities, sports education and life-skills learning. Our endeavour is to strike a balance between state-of-the-art infrastructure and globally acceptable education.

**S.K. KAKKAR**  
Chairman

## PRINCIPAL'S DESK

"Children are taught how to think, not what to think."

With this message I hope to convey the spirit of our school its warmth, purpose, thought & soul to equip young students, so that they fulfil their potential & unlock potential in many others.

**ANURADHA DHAWAN**  
Principal

In SRGS Learning is a culture. A culture of happiness. It's evident when you walk in the school or meet our students anywhere.

We are committed to the holistic development of our students. Beyond academics, we place a strong emphasis on sports, personality development, communication skills and extracurricular activities. We believe that a well rounded education prepares students not just for examination, but for life.

Our programmes are designed to build confidence, resilience and leadership skills in our students, ensuring they are well equipped to succeed in their future endeavors.

# Elocution on Conservation of Earth

Our students took part in an elocution on conservation of Earth, where they learned the importance of preserving our planet's precious resources. From thoughtful discussions to creative activities, every moment reminded us that small actions can create big changes! ## POSHAN PAKHWARA

\*Tagline : Sahi Poshan Desh Roshan\*, which means that this program is intended to provide sufficient nutrition to infants, pregnant ladies, and lactating mothers. During the 7th Poshan Pakhwada, the Education Department of UT Chandigarh focused on student well-being, echoing the vision of #NEP2020 to integrate nutrition and health into holistic school education. Poshan Pakhwara at school was literally a whole vibe — like a health fest but with extra sparkle. The week was packed with fun and super useful activities: students got hands-on during the handwashing drive, showed off their yummy and nutritious creations on Healthy Lunch Day, and picked up fresh wisdom during a seminar on smart eating habits. A special assembly added that collective hype, and the skit on healthy vs. junk totally stole the show. By the end, everyone was feeling a little wiser, a little cleaner, and way more aware of what goes on their plates.
